Recommended for grades K-2

Primary Phonics Book 4 is the fourth in a set of six phonics workbooks and five sets of corresponding storybooks. This series introduces beginning readers to essential skills including sound-symbol relationships, phonemic awareness, and fluency. *Primary Phonics* also includes a corresponding comprehension series, *Thinking about Mac and Tab*, which reinforces early comprehension skills including literal and inferential thinking. The entire series can easily be incorporated into almost any early reading program.
